To Whom It May Concern,

I had the pleasure of working with Christine Larsen during her 7th semester Maternal Child Nursing 2017 fall clinical. Christine Larsen was placed on multiple units, Pediatrics, Labor and Delivery, Mother Baby, NICU and PICU, during this clinical.

Christine always came to clinical on time, professionally dressed with a readiness to learn. She demonstrated professionalism in all aspects of this clinical and enhanced her communication skills with all members of the healthcare team including communicating well with her preceptors and myself. She completed all assignments on time and was very detail oriented and thorough. Christine became more confident in her skills with each clinical experience and wasn't afraid to ask additional questions or for assistance when performing unfamiliar tasks. Christine demonstrated the importance of educating patients and was a strong advocate for patient care. Throughout the semester, Christine continued to build her knowledge base of maternal child nursing content and applied that knowledge to her everyday practice. Christine is a kind and compassionate nurse. Christine has shown huge growth over the course of the semester. Christine will be a great asset to any area of nursing that she pursues.

Thank you,

Jana Atkinson RN-CEFM, BSN
