To whom it may concern,

As a Clinical Assistant Professor at Boise State University: School of Nursing. It is an honor to recommend Christine Larsen.

During Spring 2017 semester, I had the pleasure of being the clinical instructor at St. Luke's Boise hospital. Christine, was one of my Boise State University nursing students in the Medical-Surgical clinical rotation. She was always prepared, and exhibited a passion to provide safe patient-centered care. I received positive feedbacks from staff, patients and their support/family members.

Please do not hesitate to contact me if you need more information.

V/R: Very Respectfully,

Anna Ulrich, RN
